

Rodney G. Bowden, Ph.D.

November 2023

Professor
Brown Foundation Endowed Chair
Department of Public Health
Baylor University
1+254-710-6111

E-mail: Rodney_Bowden@baylor.edu

EDUCATION:

1995	Ph.D.	Texas A&M University, College Station, TX. Health Education Dissertation: <i>Prediction Accuracy of Three Dichotomous Cholesterol Measures</i>
1991	M.S.	Texas A&M University, College Station, TX. Health Education
1990	B.S.	Sam Houston State University, Huntsville, TX. Kinesiology-Major Health Education-Minor
2019	Certificate	Harvard University Business School, Cambridge, MA. Disruptive Innovation: Strategies for a Successful Enterprise

PROFESSIONAL EXPERIENCE:

Baylor University, Waco, TX. (2000-Present)

Academic Appointments

2011-Present *Professor (Tenured) of Public Health, Graduate Faculty*
2014-Present *Brown Foundation Endowed Chair*
2022-Present *Director, PhD program*
Department of Public Health (2018-Present)
Department of Health, Human Performance and Recreation (2011-2018)

- 2004-2011 *Associate Professor (Tenured) of Public Health, Graduate Faculty*
Department of Health, Human Performance and Recreation
Public Health program
- 2000-2004 *Assistant Professor of Health Education, Graduate Faculty*
Department of Health, Human Performance, and Recreation
Public Health program (formerly Health Education program)

Leadership Appointments

- 2015-2021 *Dean (Interim 8/2015- 4/2017)*
Robbins College of Health and Human Sciences

Provided leadership, strategic planning and vision as the chair of an implementation team tasked with creating the Robbins College of Health and Human Sciences in 2014. Responsible for graduate programs, undergraduate programs, faculty development, curriculum development, research initiatives and strategic vision for the College. RCHHS academic units are the departments of Communication Sciences and Disorders, Human Sciences and Design, Health, Human Performance and Recreation, Public Health, Physical Therapy, Occupational Therapy, Army-Baylor Health Programs and the Division of Health Professions. The RCHHS profile consists of approximately 130 full-time faculty, 60 staff, and 3200 graduate and undergraduate students on the Waco, Texas; Tacoma, Washington; West Point, New York and San Antonio and El Paso, Texas locations.

Major Accomplishments

- Chaired committee that launched the College. Inclusive of faculty and staff conversations, budget identification and creation, strategic conversations with other academic units
- Lead many discussions and conversations with donor for the naming of Robbins College
- Increased 8-200% in fundraising (~\$25 million)
- Lead in the creation of strategic plan for the College
- Undergraduate student growth of 30%
- Graduate student growth of 766%
- Increase in full-time faculty of 125%
- Increase in full-time staff of 115%
- Increased grant funding submissions by 400%
- Created two new academic units
- Launched eight new graduate programs, mostly at the doctoral level
- Launched four hybrid graduate programs

- Increased international experiences for students and faculty
- Lead the University in increases in revenue streams (~\$45 million annually)
- Became the largest graduate academic unit at Baylor after being one of the smallest at the launch of Robbins College
- Successfully negotiated new Bachelor of Science degrees with the University for academic units within Robbins College
- Created a partnership with African New Life based in Rwanda for research, student and faculty exchange and student internship experiences
- Secured development gifts for the creation of a new wet lab and cell culture lab for an academic unit
- Hired and retained research activity faculty who received NIH and DOD career awards
- Changed undergraduate to graduate ratio from 11:1 at our founding to 2.3:1 to assist in achieving R1 status for the University
- Enhanced Baylor's efforts with our US Army affiliated health programs inclusive of increased enrollments
- Worked with each academic unit in Robbins College to create new tenure and promotion guidelines that were more reflective of R1 programs
- Entered the top decile of Baylor University for student lead publications

2014-2015
Academic
Year

Executive Associate Dean
Robbins College of Health and Human Sciences

Leadership and oversight of all programs on the Waco campus which included the departments of Communication Sciences and Disorders, Family and Consumer Sciences, and Health, Human Performance and Recreation.

2006-2014

Associate Dean for Graduate Studies and Research (Interim 2006-07 Academic Year)

School of Education

Responsible for sixteen graduate programs, research initiatives, research and outreach centers and oversight of the Graduate Education Advisory Council as an Associate Dean within the School of Education. School departments consist of Curriculum and Instruction, Educational Administration, Educational Psychology, and Health, Human Performance and Recreation.

Other responsibilities included:

- Liaison with the Dean of the Graduate School
- Graduate scholarships and financial aid/data management
- Graduate program standards and review
- Graduate program accreditation
- Faculty development/sabbaticals and research leaves
- Grants and contracts facilitation
- Oversight of School of Education Centers
- Assisted with strategic planning team
- Assisted with School International Experiences
- Representative of the Dean to various on-campus constituencies
- Undergraduate academic appeals (Spring/Summer 2007, Fall 2011, Spring 2013, Spring 2015 [Robbins College])

Major Accomplishments

- Provided leadership for departmental requests for internal graduate assistant positions with a 75% success rate and a concomitant increase in the budget by 20%
- Utilized endowed funds to increase the amount of support for graduate students by approximately 300%
- Provided leadership and co-chair duties for the Baylor-Family Health Center (primary care medical facility) Research Collaborative
- Leadership with planning a Gerontology Research Consortium and Institute for Healthy Aging initiatives
- Leadership in approving new Professional Development School models for two different schools in a local school district
- Provided leadership in the creation of five graduate programs at the doctoral and masters level
- Assisted with the creation of the inaugural School of Education Research Colloquia
- Led the shared governance process to create policy and procedures for graduate programs
- Major overhaul of the stipend and tuition authorization process to better utilize existing funds
- Eliminated SOE underrun in Graduate Assistant stipend and tuition budgets through budgetary analyses and changes
- Assisted in the creation of an IRB approved Action Research protocol
- Provided leadership for a campus graduate student recruitment effort for the SOE

- Provided leadership in creating the Graduate Education Advisory Council to support graduate programs and graduate program directors in the SOE
- Provided leadership for the Professional Education Executive Committee
- Provided leadership for a University wide evaluation system for Graduate Program Directors
- Provided leadership for the creation of an evaluation process for summer sabbatical and research leave proposals

2005-2006 *Graduate Program Director-Health Education*
Academic Department of Health, Human Performance, and Recreation
Year

Courses Taught

Graduate Courses:

Research Methods: Preventive Health (PhD)
Advance Theory and Practice in Behavioral Health (PhD)
Research Methods
Epidemiology
Evaluation in Health Education
Foundations of Health Education
Current Issues in Health Education
Coordination of MPH practicum reporting experiences

Undergraduate Courses:

Epidemiology and Vital Statistics
Mood Modifying Substances/Pharmacology
Planning and Programming in Health Education
Evaluation in Health Education
Health Education Seminar
Coordination of internship reporting experiences

University of Hawaii-Manoa, Honolulu, HI (2004-2005)

2004-2005 *Visiting Scholar and Consultant*
Academic Office of Cultural and International Research and Collaboration
Year Office of the Associate Dean for Research
College of Education

Research consultation
Research project coordination

Fall 2004 *Visiting Professor*
Department of Kinesiology and Leisure Services

Graduate Courses:
Research Methods

Stephen F. Austin State University, Nacogdoches, TX. (1995-2000)

1996-2000 *Assistant Professor of Health Science, Graduate Faculty*

1995-1996 *Lecturer of Health Science*
Academic Department of Kinesiology and Health Science
Year

Graduate Courses:

Exercise Science
Periodized Training

Undergraduate Courses:

Substance Abuse Prevention
Consumer Health
Community Health
Health Assessment, Evaluation, and Intervention
Fitness and Wellness
Health Concepts for Young Children
Prevention and Control of Disease
Emergency Care

Assisted in NCATE Accreditation process

Texas A&M University, College Station, TX. (1990-1995)

1993-1995 *Graduate Assistant*
Department of Health and Kinesiology

Courses:

Healthy Lifestyles
Exercise and Health

1990-1993 *Instructor-Health Promotion Program*
Human Resources Department

Distance Education Courses:

Health Behavior
Cholesterol Management

Adult Education Courses:

Carpal Tunnel Syndrome Prevention
Weight Management
Lipids Management
Blood Pressure Management
Worksite Injury Prevention

1990-1993 *Health Promotion Program*
Human Resources Department

Health Assessment Coordinator

Leader of mobile health screening program
Ordering and purchasing health assessment equipment
Creation of behavioral management programs

Evaluation Coordinator

Outcome and Process evaluation of Health Promotion program offerings
First Report of Injury Coordinator

Conducted on-site visits to determine cause of injury
Forwarded recommendations to appropriate supervisor for workstation correction

Instructor

Instructor for various health behavior programs

Blinn College-College Station Campus, College Station, TX. (1994-1995)

Lecturer
Department of Kinesiology

Lecturer
O.L. Luther medium security state prison unit

Courses: Personal Health, Weight Training

EXTERNAL GRANTS AND FUNDING:

1. Consultant, *Examining cognitive and behavioral change in aging adults: Applications of growth mixture modeling using the Seattle Longitudinal Survey*. National Institutes of Health (Aging Section). Not Funded. 2014-2015. (PI, Morgan GB) **\$74,478**
2. Principle Investigator, *The Effects of 12 Weeks of Fish Oil Supplementation in Diagnosed Irritable Bowel Syndrome Patients*. Cooper Aerobics (Product Grant). Funded April 2012-May 2013. **\$32,076**.
3. Co-investigator. *Healthy Families: Leading the community to healthy behaviors through family group medical visits*. American Academy of Family Physicians. Funded January 2012-December 2012. (PI, Weaver, S.) **\$27,473.50**.
4. Co-Principle Investigator. *Individual differences and health outcomes: A secondary data analysis in cognitive epidemiology*. National Institute of Child Health and Human Development, National Institutes of Health. (1R03HD058464-01A1). Funded September, 2009-September, 2011. (PI, Beaujean, Co-PI, Elkins). **\$136,500.00**
5. Co-Principle Investigator, *The use of allopurinol, fish oil, curcumin/ boswellia extracts, or placebo to control the markers of Metabolic Syndrome, Uric Acid, and Inflammation in Chronic Kidney Disease Patients*. Texas Academy of Family Physicians Foundation. Funded July, 2009-July 2010. (Co-PI, Jackson and Wilson). **\$5,000.00**
6. Co-investigator, Quality of Life Outcomes coordinator: *Comparison of Two Diet Approaches on Weight Loss and Health Outcomes in Women*. General Mills Bell Institute of Health and Nutrition. Funded May, 2007-January 2009. **\$334,265.00**
7. Co-investigator, Quality of Life Outcomes coordinator: *Effects of the Curves for Women Fitness and Weight Loss Program on Body Composition, Metabolism, Quality of Life, and Exercise Capacity in Sedentary Overweight Females*. Curves International. Funded May, 2003-January, 2009 **\$5,000,000.00**
8. Co-investigator, Quality of Life Outcomes coordinator: *Effects of Arachidonic Acid Supplementation on Body Composition and Training Adaptations*. Molecular Nutrition. Funded July, 2005. **\$60,331.00**

9. Principle Investigator, *Homocysteine, Lipid, and C-reactive Protein levels in End-Stage Renal Disease*. Central Texas Nephrology Associates. Funded February, 2005. **\$7000.00**
10. Principle Investigator: *Effects of Omega-3 Fatty Acid Supplementation on the Incidence of Hemodialysis Graft Thrombosis*. Royal Numico Research B.V. Funded May 2003, **\$12,983.50**.
11. Co-investigator, Quality of Life Outcomes coordinator: *Effects of the Arginine – Alpha Ketoglutarate Supplementation on Plasma Arginine Levels and Training Adaptations*. Medical Research Institute. Funded December, 2002. **\$92,625.00**.
12. Co-Investigator (1990-1994). Employee Health Promotion and Injury Prevention Program. Texas A&M University Office of the President, Texas A&M University Funded 1990. **\$617,000**

EXTERNAL ADMINISTRATIVE and CURRICULAR CONTRACTS

1. U.S. Army Doctor of Occupational Therapy, Robbins College of Health and Human Sciences. December 2020 – June 2024 (US Government Contract W81K020Q0007). **\$608,364.70** Funded
2. U.S Army Doctor of Physical Therapy, Doctor of Science in Physician Assistant Studies – Orthopedics and Emergency Surgery, Graduate Program of Nutrition, MHA/MBA, Robbins College of Health and Human Sciences. June 2020 – June 2025 (U.S. Government Contract WK04MNS206434). **\$4,991,938.25** Funded
3. U.S. Army Doctor of Science in Physician Assistant Studies – Emergency Medicine Program, Robbins College of Health and Human Sciences. July 2018 – June 2023 (U.S. Government Contract W81K04-18-Q-0001) **\$711,232.82**: Funded
4. U.S. Army Doctor of Science in Physical Therapy Program, Robbins College of Health and Human Sciences. October 2017 – October 2022 (U.S. Government Contract W81K04-17-T-0018) **\$160,236.67** Funded
5. U.S. Army Doctor of Science in Occupational Therapy Program, Robbins College of Health and Human Sciences. October 2017 – October 2022 (U.S. Government Contract W81K04-17-T-0017) **\$96,221.63** Funded

INTERNAL GRANTS AND FUNDING:

13. Co-Principle Investigator: *The Effects of 12 Weeks of Fish Oil Supplementation in Diagnosed Irritable Bowel Syndrome Patients*. University Research Council, Baylor University. Funded June, 2012-May 2103 (La Bounty, CO-PI). **\$7500.00**
14. Co-Investigator: Baylor University Community Building in Graduate Programs Grant. School of Education, Baylor University. 2009-2010 research colloquium series (Beaujean, PI). **\$1500.00**
15. Principle Investigator: *The Effects of Lowering Uric Acid Levels Using Allopurinol on Markers of Metabolic Syndrome in End Stage Renal Disease*. University Research Council, Baylor University. Funded June, 2008. **\$4455.00**
16. Principle Investigator: *The Effects of Oral Creatine Supplementation on Total Homocysteine, Quality of Life Responses and Lean Body Mass in Patients on Dialysis with End Stage Renal Disease*. University Research Council, Baylor University. Funded January, 2007. **\$2022.00**
17. Principle Investigator: *Double-blind, Randomized, Prospective Trial of Hemodialysis Graft Thrombosis with Omega-3 Fatty Acid Supplementation*. University Research Council, Baylor University. Funded March, 2005. **\$2990.00**
18. Co-Principle Investigator: *Comparison of High Carbohydrate and High Protein Diets Combined with Exercise on Anthropometric Measures and Blood Profiles in Sedentary College Students*. Faculty Research Investment Program Vice Provost for Research Office, Baylor University. Funded January, 2004. **\$25,000.00**
19. Principle Investigator: *Quality of Life in Chronic Disease Patients Across the Lifespan*. University Research Council grant, Baylor University. Funded May, 2002. **\$4,988.00**
20. Principle Investigator: *Quality of Life in Cancer Survivors*. University Research Council grant, Baylor University. Funded May, 2001. **\$1178.00**
21. Co-investigator: *The Influences of Social Physique Anxiety*. University Research Council grant, Baylor University. Funded April, 2002. **\$1,210.00**
22. Co-investigator: *HIV/AIDS Knowledge of Oklahoma Secondary Teachers*. Oklahoma State University Research Grant. Funded January, 1997. **\$3,000.00**

34. Chair, Baylor University-Stroope, J. *Macro-Level Modifiable Variables Affecting Breastfeeding Rates*. Thesis, Spring 2012.
35. Co-Chair, Baylor University-Hammer, T. *A Historical Look at Baylor EMS*. Honors Undergraduate Thesis, Spring 2012.
36. Member, Baylor University-Patterson, M. *Understanding physical activity behaviors among dialysis patients: A Social Cognitive Theory approach*. Thesis, Spring 2012.
37. Member, Baylor University-Hubbs, A. *A Multiple Variable Health Assessment and Descriptive Study among College Students*. Thesis, Spring 2010.
38. Chair, Baylor University-Baltensperger, A. *A Case Study Investigating Rhabdomyolysis and Acute Renal Failure of a Sickle Cell Trait Athlete*. Undergraduate Honors Thesis, spring 2008.
39. Member, Baylor University-Gajewski, M. *The Feeding of Persistent Vegetative State Patients*. Undergraduate Honors Thesis, spring 2005.

40. Member, Baylor University-Farley, B. *Friendship, Gender, and Competition: A Literature Review*. Graduate Professional Paper, spring 2005.
41. Member, Baylor University-Campbell, W. *Effects of the Arginine – Alpha Ketoglutarate Supplementation on Plasma Arginine Levels and Training Adaptations*. Thesis, Fall 2004.
42. Chair, Baylor University-Hebert, S. *Risk Designation using the National Cholesterol Education Program Guidelines (I, II, III) and Nuclear Magnetic Resonance Technology in End-Stage-Renal Disease Patients*. Undergraduate Honors Thesis, Spring 2004.
43. Member, Baylor University-Autrey, L. *Lactate kinetics at high intensity steady state in endurance trained cyclist*. Thesis Fall 2003
44. Member, Baylor University- Neason, J. *Associations Between Heart Rate Threshold, Lactate Threshold and Muscle Tissue Oxygen Desaturation in Elite Female Cyclists*. Thesis Fall 2003.
45. Member, Baylor University- Wilborn, C. *The Effects of Exercise Intensity and Body Position on Cardiovascular Variables During Resistance Training*. Thesis Spring 2003
46. Member, Baylor University- McCarthy, J. *Tissue Saturation and Physiological Thresholds at Varying Levels of Hypobaric Hypoxia*. Thesis Fall 2002
47. Chair, Stephen F. Austin State University- Walker, D. *The Effects of Goal Orientation on Physiological Improvements*. Fall 1998.

POST-DOCTORAL FELLOW MENTORSHIP

Richardson, Kathleen (2021-2023), Baylor University

Shelmadine, Brian (2010-2011), Baylor University

AWARDS AND HONORS:

2019 Keynote Speaker, MPH@baylor program immersion

2017 Keynote Speaker, TSOPHE

2014 Named to the Brown Foundation Endowed Chair, Baylor University

- 2012 Professional Poster of Distinction (A top rated research poster), *American Academy of Health Behavior Scientific Meeting*, Austin, Texas
- 2011 Outstanding Research Poster (Judged top research poster of the conference), *American Academy of Health Behavior Scientific Meeting*, Hilton Head, South Carolina
- 2011 Promoted to Professor
- 2011 Personal interview with leading Chronic Kidney Disease organization
http://www.hemodialysis.com/author_interview_dr_bowden_reverse_epidemiology_of_lipid_death_associations_in_esrd.html
- 2008 Professional Poster of Distinction (A top rated research poster), *American Academy of Health Behavior Scientific Meeting*, Oxnard, California
- 2007 Invited Presenter: *Oxford Roundtable*, Rhodes House at the University of Oxford, Oxford England
- 2006 Research Consortium, *AAHPERD Conference*: Top Rated Poster
- 2005-2006 Marquis Who's Who in Science and Engineering
- 2006 Partial Summer Sabbatical, Baylor University
- 2004-2005 Visiting Scholar, University of Hawaii
- 2004-2005 Marquis Who's Who in Medicine and Health Care
- 2004 Tenured and Promoted to Associate Professor, Baylor University
- 2004 Research Sabbatical, fall 2004, Baylor University
- 2004 Full Member, American Academy of Health Behavior
- 2003 Fellow, Research Consortium, AAHPERD
- 2002 Recipient, Research Award for Non-Tenured, Tenure Track Faculty (University Wide), Baylor University.
- 2001 Summer Research Sabbatical, summer 2001, Baylor University
